Students will identify current community health care issues and community agencies and resources available for issues facing consumers today. 2. Students will demonstrate the ability to effectively advocate for environmental safety issues.	Research project, community resource binder, group assessments/discussion, quizzes, and final examination. 95% will achieve a grade of ≥ 70% in the course.	Course Outcomes will be reviewed every two years during fall semester.			

PROGRAM REVIEW ANNUAL UPDATE
FALL 2009

Program: Health Education, Health Occupations Department Division (if applicable): Applied Science

Year: 2009/2010 Author: Marsha Oliver, Department Chair

Course (if applicable): H.ED002, H.ED004

Plan				Report		
Program Outcomes	**Course Outcomes**	**Assessment Measures and Criteria**	**Schedule for Assessment**	**Assessment Results**	**Use of Results**	**Effect on the program**
	H.ED002 Health and Lifestyles 1. Students will identify and define the 6 dimensions of health/wellness and demonstrate some degree of integration of these dimensions into one's lifestyle. 2. Students will demonstrate knowledge and awareness of the material presented in each chapter of the textbook. 3. Students will actively integrate the information presented in each chapter into a demonstrable health behavior. 4. Identify strengths and weaknesses involved their own health/wellness lifestyle and choose one or more aspects to work on improving throughout the semester. 5. Take active steps to improve their own health/wellness lifestyle by becoming aware of good health practices and making good choices and decisions that will lead to a healthier lifestyle.	Personal Growth project, written reports, multiple choice exams. 95% will achieve a grade of ≥ 70% in the course.	Course Outcomes will be reviewed every two years during fall semester.			

	H.ED004 Workplace Standard First Aid 1. Upon completion of this course, students will demonstrate and describe how to give cardio-pulmonary resuscitation and use an automated external defibrillator for an adult in cardiac arrest. Upon completion of this course, students will be able to demonstrate how to recognize and care for injuries to muscle, bone, and joint injuries, including injuries to the head, neck and back.	80% of students will be able to demonstrate appropriate steps in immediate care to muscle, bone, and joint injuries, including head, neck and back and pass written test with a 80% score. 80% of students will be able to demonstrate appropriate steps in cardio-pulmonary resuscitation and automated external defibrillator skills according to American Red Cross standards and pass written test with a 80% score.				

PROGRAM REVIEW ANNUAL UPDATE
FALL 2009

Program: Psychiatric Technician, Health Occupations Department Division (if applicable): Applied Science

Year: 2009/2010 Author: Marsha Oliver, Department Chair

Course (if applicable): PT013A, PT013B, PT018, PT019A, PT019B, PT060A, PT060B, PT060C, PT067, PT068, PT069, PT070A, PT070B, PT070C

Plan				Report		
Program Outcomes	**Course Outcomes**	**Assessment Measures and Criteria**	**Schedule for Assessment**	**Assessment Results**	**Use of Results**	**Effect on the program**
Students will demonstrate the use of theoretical and clinical skills during the performance of patient care to prepare for employment as Licensed Psychiatric Technicians.		Successful program completion. 85% will successfully complete the program passing all courses with a ≥ 75% or better. Licensure examination: multiple choice & fill in exam. 85% will pass the licensure examination on the first attempt	Course Outcomes will be reviewed every two years during spring semester. Board of Vocational Nursing and Psychiatric Technician accreditation every 5 years.			

PROGRAM REVIEW ANNUAL UPDATE
FALL 2009

Program: Registered Nursing (LVN-RN) Program, Health Occupations Department Division (if applicable): A.S.

Year: 2009/2010 Author: Cynthia Harrison, Director

Course (if applicable): LVNRN021, LVNRN021A, LVNRN031, LVNRN031A, LVNRN032, LVNRN032A, LVNRN033, LVNRN041, LVNRN041A, LVNRN042, LVNRN042A, LVNRN050

Plan				Report		
Program Outcomes	**Course Outcomes**	**Assessment Measures and Criteria**	**Schedule for Assessment**	**Assessment Results**	**Use of Results**	**Effect on the program**
Upon completion of the Registered Nursing (LVN-RN) program the student will be prepared to: 1. Successfully pass the NCLEX-RN licensing examination 2. Function in the role of an entry level registered nurse 3. Demonstrate the competencies of clinical nursing skills for entry level nursing practice 4. Demonstrate acquisition of theoretical knowledge by successfully complete required courses in the program		1. Successful program completion. 95% will successfully complete the program passing all courses with a ≥ 75% or better. 2. NCLEX multiple choice & fill in exam. 80% will pass the NCLEX on the first attempt.	Course Outcomes will be reviewed every two years during spring semester. Board of Registered Nursing accreditation in 3 years.
